- Portfolio

EDUCATION

- B.Tech – Electronics & Telecommunication Engineering, KKWIEER**
2023 – Present | CGPA: 7.64
- HSC Board (Class 12th)**
2023 | 61.50%
- SSC Board (Class 10th)**
2021 | 84.40%

POSITIONS OF RESPONSIBILITY

- Board of Directors (BOD)**
Elite Club, Nashik
2024 - 2025
- Head Of CodeMaze**
Telekinesis Technical Event
E&TC, KKWIEER
2025 - Present
- Co-Head**
Student Association of Electronics Engineering, KKWIEER
2025 - Present

TECH STACK

- Languages:** C, C++, Python
- Computer Science:** OOP, DSA, SQL, DBMS, Git & GitHub
- Embedded Systems:** Embedded C, RTOS, ESP32, STM32, UART, SPI, I2C
- IoT & Automotive:** MQTT, Sensor Interfacing, Sensor Fusion
- AI & Machine Learning:** Computer Vision, TinyML, PyTorch, Scikit-learn

ANUPAM V. JADHAV

As an Electronics & Telecommunication Engineering student, my goal is to apply my technical skills in C/C++, Embedded Systems, IoT, and Automation, along with strong leadership and collaborative teamwork abilities to display my potential.

INTERNSHIP

- Robotics & Automation Intern** July 2026 - Present
Codec Technologies
Key Skills: Embedded Systems, Sensors, Robotics, Automation, Virtual Car Parking Project
- AI & ML Intern** Dec 2025 - Jan 2026
EduNet - AICTE
Key Skills: AI/ML, Streamlit, MongoDB, GitHub, Full-Stack AI Development, AI Study Buddy Project

PROJECTS

- GPS Latency Analysis & Motion Prediction** April - May 2026
Implemented real-time GPS/IMU sensor fusion for motion prediction.
Tech Stack: ESP32, NEO-6M GPS, MPU6050, C++, Sensor Fusion, ISRs
- Home Automation** May 2025
Developed an embedded home automation system for appliance control.
Tech Stack: Arduino, Wi-Fi, Peripherals, Embedded C, MQTT
- WiFi Heatmapper** Oct 2025
Developed an ESP32-based Wi-Fi signal mapping system.
Tech Stack: ESP32, Wi-Fi, Python, Data Visualization, Network Drivers

CERTIFICATIONS

- ML for Engineering & Science Applications** April 2025
Python, ML-Libraries, Neural Networks | NPTEL (IIT Madras)
- Generative AI for Beginners** Dec 2025
Generative AI, LLMs, NLP, Prompt Engineering | Simplilearn
- Introduction to Internet of Things** April 2026
Sensors, Actuators, Cloud Computing | NPTEL (IIT Kharagpur)
- Introduction to Embedded System Design** March 2026
Microcontrollers, GPIO, UART, Embedded C | NPTEL (IIT Delhi)

INTELLECTUAL PROPERTY

- IJDER Research Paper on Next Gen EVM** May 2026
- Copyright Filed: Dynamic Traffic Signal Optimization** Nov 2025

CO-CURRICULAR

- Smart India Hackathon (SIH) Participant** Sept-Nov 2025
Pitched a Hardware + Software solution during the college internal round.
- Startup Competition - Consolation Prize Winner** Nov 2025
Presented innovative business model at IIC & SIOM, Nashik.
- Campus To Corporate Participant** Nov 2024
DSA & Aptitude | Computer Society of India, KKWIEER
- CODE-O-FIESTA 2.0 (Debuggers Club) - Finalist** March 2024
March 2024 | Solved algorithmic coding problems.
- Actively Participated in 5+ Competitive coding events.**

EXTRA-CURRICULAR

- Social Leadership**
2024 | Elite Club, Nashik | Led 'Project Aashayein' at Manmad
- Volunteer**
2023 | Food Donation Drive | Elite Club, KKWIEER
