- Chalisgaon, Jalgaon, Maharashtra
- Portfolio

EDUCATION

- B.Tech – Electronics & Telecommunication Engineering, KKWIEER
2023 – Present | CGPA: 7.64
- HSC Board (Class 12th)
2023 | 61.50%
- SSC Board (Class 10th)
2021 | 84.40%

POSITIONS OF RESPONSIBILITY

- Board of Directors (BOD)
Elite Club, Nashik
2024 - 2025
- Head Of CodeMaze
Telekinesis Technical Event
E&TC, KKWIEER
2025 - Present
- Co-Head
Student Association of Electronics Engineering, KKWIEER
2025 - Present

TECH STACK

- Languages: C, C++, Python
- Computer Science: OOP, DSA, SQL, DBMS, Git & GitHub, MS Office
- Embedded Systems: Embedded C, RTOS, ESP32, STM32, UART, SPI, I2C
- IoT & Automotive: MQTT, Sensor Interfacing, Sensor Fusion
- AI & Machine Learning: Computer Vision, TinyML, PyTorch, Scikit-learn

ANUPAM V. JADHAV

As an Electronics & Telecommunication Engineering student, my goal is to apply my technical skills in C/C++, Embedded Systems, IoT, and Automation, along with strong leadership and collaborative teamwork abilities to display my potential.

INTERNSHIP

- Robotics & Automation Intern
Codec Technologies
Key Skills: Embedded Systems, Sensors, Robotics, Automation, Virtual Car Parking Project
July 2026 - Present
- AI & ML Intern
Edunet - AICTE
Key Skills: AI/ML, Streamlit, MongoDB, GitHub, Full-Stack AI Development, AI Study Buddy Project
Dec 2025 - Jan 2026

PROJECTS

- GPS Latency Analysis & Motion Prediction
Implemented real-time GPS/IMU sensor fusion for motion prediction.
Tech Stack: ESP32, NEO-6M GPS, MPU6050, C++, Sensor Fusion, ISRs
April - May 2026
- Home Automation
Developed an embedded home automation system for appliance control.
Tech Stack: Arduino, Wi-Fi, Peripherals, Embedded C, MQTT
May 2025
- Advanced Driver Assistance System (ADAS) Car
Developed an autonomous ADAS vehicle integrating edge-based computer vision and real-time obstacle avoidance.
Tech Stack: Raspberry Pi Zero, Pi Cam, Python, OpenCV, HC-SR04.
In Progress

CERTIFICATIONS

- ML for Engineering & Science Applications
Python, ML-Libraries, Neural Networks | NPTEL (IIT Madras)
April 2025
- Generative AI for Beginners
Generative AI, LLMs, NLP, Prompt Engineering | Simplilearn
Dec 2025
- Introduction to Internet of Things
Sensors, Actuators, Cloud Computing | NPTEL (IIT Kharagpur)
April 2026
- Introduction to Embedded System Design
Microcontrollers, GPIO, UART, Embedded C | NPTEL (IIT Delhi)
March 2026

INTELLECTUAL PROPERTY

- IJEDR Research Paper on Next Gen EVM
May 2026
- Copyright Filed: Dynamic Traffic Signal Optimization
Nov 2025

CO-CURRICULAR

- Smart India Hackathon (SIH) Participant
Pitched a Hardware + Software solution during the college internal round.
Sept-Nov 2025
- Startup Competition - Consolation Prize Winner
Presented innovative business model at IIC & SIOM, Nashik.
Nov 2025
- Campus To Corporate Participant
DSA & Aptitude | Computer Society of India, KKWIEER
Nov 2024
- CODE-O-FIESTA 2.0 (Debuggers Club) - Finalist
March 2024 | Solved algorithmic coding problems.
March 2024
- Actively Participated in 5+ Competitive coding events.

EXTRA-CURRICULAR

- Social Leadership
2024 | Elite Club, Nashik | Led 'Project Aashayein' at Manmad
- Volunteer
2023 | Food Donation Drive | Elite Club, KKWIEER
